

JUMBO COLOR CHANGING CHINESE COIN

An Original Idea from Joker Magic

The Magician shows a black jumbo Chinese coin to the audience.

He covers it for an instant with a jumbo playing card (*Use your own Jumbo card*). When he removes the card, the coin has become red.

After he covers it again, it has turned blue!

Everything can be examined immediately by the audience.

For the "Professional Routine" the Magician shows both sides of the black jumbo Chinese coin that he is holding in his hand. He rubs the coin held in his hand, and both sides of it turn red. After rubbing it again, both sides of the coin have become blue!

**New JUMBO CHINESE
COLOR CHANGING COIN \$59.95**

Note: Joker Magic's original best-selling Color Changing Chinese Coin is done at the fingertips and is still available in the dollar-size coin. **\$39.95**
